Custom Dry-Erase Boards  
*For a better patient experience*

# Classic VividBoard

VividBoard takes the basic dry-erase board into the 21st century with our patented VividShield™ coating. This coating and its lifetime guarantee transform your graphics into colorful interactive communication tools. Durable and versatile, these boards withstand repeated use and allow users to change information on a regular basis, which keeps patients and families up to date. The creative options are endless as graphics can appear anywhere on the board in high-impact colors that grab attention and promote a positive patient experience.

Available sizes: 18" x 24" • 2' x 3' • 3' x 4'

# MyHarmony Glass Boards

An elegant dry-erase solution for any environment. Our 1/4" thick tempered glass is frameless and borderless with a minimalist design that complements any décor.

Includes:

- Four pre-drilled mounting holes set into the glass
- 1" diameter satin aluminum standoff hangers that create 1 1/4" spacing between the wall and the board
- 1" radius corners for strength and safety
- Write directly on the glass surface - custom graphic is embedded to the back of the glass
- Features the Hideaway, GMI's unique acrylic accessory holder, complete with four colored dry-erase markers

# InHarmony Changeable Glassboards

InHarmony gives you the look of a permanent graphic, but the changeability needed in today's modern healthcare environment.

- Finish: 1/4" thick tempered glass with a rigid 1/8" thick VividCore insert
- Design: 1" radius corners for strength and safety
- Mounting: 1" diameter satin aluminum standoff hangers that create 1 1/4" spacing between the wall and the board, so graphics can slide in and out easily

Available sizes: 18" x 24" and 2' x 3' (horizontal and vertical)

1" Corner Radius

## A communication solution that helps patients, families and staff

Improve patient satisfaction: We've researched the best layouts and designs to improve communication, reduce anxiety and even decrease risk of falls through the use of appropriate custom boards. When those factors are improved, your patient satisfaction scores go up!

Easy to clean and keep clean: Easy to clean and keep clean: Entire surface easily wipes off with a soft cloth (like microfiber), disinfectant wipe, alcohol or just plain water. No need for germ-inviting erasers or special cleaners.

Long lasting: Our quality surface, framing, backing and accessories are meant to last, even in the harsh hospital environment. In fact, our patented coating eliminates ghosting or fading and we guarantee it for life!

Reinforce the hospital brand: Add the hospital logo to reinforce a good patient experience. Customize each department's boards to maintain the brand but meet the department's specific needs.

## Every VividBoard features:

- VividShield™ patented high gloss dry erase coating which eliminates ghosting, cleans easily and is *guaranteed for life*.
- VividDesign™ consultants who work with your internal or external resources to help you create the most effective design possible to get *EXACTLY* what you want.
- VividGraphics™ high impact imaging process for the sharpest graphics in the industry. Allows for writing across the full surface of the board.
- No special cleaners required - any soft cloth will do the trick.
- Eco-friendly process that contains a minimum of 70% recycled material. The coating process is VOC free and the entire manufacturing process is CARB compliant. The markers provided are also acetone free.

Additionally, each Classic VividBoard features:

- VividSelect™ options which give you limitless choices for framing, size, substrate and combination board tack surface to allow you to match your design requirements. Custom sizes up to 4' x 8'.
